School Based Traineeships and Flexible Apprenticeships:

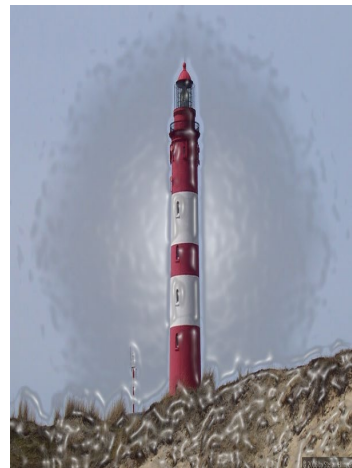

VET courses can also form part of a School Based Apprenticeship/Traineeship or Flexible Apprenticeship. Flexible Apprenticeships allow senior high school students to undertake a near full-time apprenticeship to complete their Year 12. School based apprenticeship/traineeships work part-time and undertake the first stage of their formal on or off-the-job apprenticeship training while still at school. The on-the-job apprenticeship training undertaken by school based apprentices can contribute to their SACE.
